

ORIGIN INTEGRATED
STUDIOS

EMERGING HEALTHCARE TECHNOLOGY SOLUTIONS PROVIDER

KENNETH KEE
CHIEF EXECUTIVE OFFICER

ORIGIN INTEGRATED STUDIOS SDN BHD

Headquartered in Kuala Lumpur, Malaysia, Origin Integrated Studios Sdn Bhd is one of the fast-growing Multimedia Super Corridor (MSC) Status software development and solutions companies committed to creating innovative and creative solutions for Malaysia and its region. While very few software development companies which focuses on enterprise systems for the healthcare industry, Origin is driven by a mission to make a difference by providing quality healthcare solutions. We are founded in 2015 by a team of talented and passionate software developers and designers, brimming with energy and enthusiasm to make a positive difference in developing innovative and creative healthcare application software solutions of internationally recognized and to make an impact by becoming a household brand in the healthcare industry and focusing on long term and trusting relationships with our customers, the main ingredient of successful project implementations and longevity. Our team has vast experience in the development, implementation, and support of Hospital Information System (HIS), Electronic Medical Record (EMR) and Clinical Information System (CIS).

Origin is the leading EMR solution provider in Malaysia and has captured the largest implemented marketshare for EMR. Origin has successfully helped more than twenty hospitals and fifteen clinics with over 3,000 beds and 500 consultants/doctors/specialists, supporting more than 5,000 application users serving more than five million patients per year in and around Malaysia. Origin provided digitalisation solutions and transformed these hospitals from paper-based to paper-less with Origin EMR. Origin is regarded as the best EMR technology when benchmarking with its competitors. From one hospital in 2015 to over 30 successful implementations in a five-year span in 2020, Origin is well on its way to becoming the household brand healthcare technology solution provider for hospital information system in Malaysia and beyond. With more than 10 years' experience in the healthcare industry, and in-depth knowledge in hospital process flow, the company looks forward to remaining in the fore front as the market leader, by providing state-of-the-art products to achieve creative innovation and solving customers' problems.

We believe our most valuable resource is our people, working as a team to support and solve our customers' problems. We work closely with our customers, providing cost-effective solutions suitable for their needs and on-going technical and consultancy support. By being relatable partners with our customers for software services and solutions, we grow and face the challenges of modern times together. Satisfied customers bear testimony to the quality of our services.
